Election Questionnaire May 2026 Part 4

Both candidates strongly agreed peoples experiencing genocide... deserve recognition and support, and that discussions of genocide [should] not be discouraged, silenced.

Alissa Ellman: Strongly Agree. There is a genocide going on right now with Israel slaughtering innocent Palestinians in Gaza and the West Bank. I will not send a single cent of military aid to Israel until a lasting peace has been made and Benjamin Netanyahu is on trial at The Hague.

Diana Kastenbaum: Strongly agree. No comment.

Both candidates strongly agreed that elected leaders should recognize the human cost of loss of international aid programs decimated by current regime.

Alissa Ellman: Strongly agree. I was DOGE'd myself. Elon's cuts to USAID and PEPFAR have killed thousands for no reason other than cruelty but with Elon, the cruelty was the point. Elon should be at The Hague.

Diana Kastenbaum: Agree. No comment.

Both candidates strongly agreed that people everywhere have the right to clean air, water, land, and a food supply free from toxins; important to uphold standards.

Alissa Ellman: Everyone deserves to eat breathe and drink free of worry about toxins. This is a critical problem for New York 24, and I will secure more federal funds to clean up our air, water, and soil.

Diana Kastenbaum: Strongly agree. No comment.

Both candidates strongly agreed that elected leaders should recognize importance of green spaces and support protecting public lands.

Alissa Ellman: I agree! We must protect our green spaces from resource extraction that harms or destroys the environment.

Diana Kastenbaum: Strongly agree. No comment.

Both candidates strongly agreed that the true threat to prosperity is billionaire class, not immigrants, transgender people, etc.

Alissa Ellman: Billionaires are destroying our democracy as an alternative to paying their fair share and are trying to turn us against each other. I will fight to make sure that billionaires no longer have control over our government and that working class people have a voice in Congress.

Diana Kastenbaum: Agree. No comment.
